

GOLF SCHOOLS

Our golf school programs are a great way to get your game moving in the right direction. You may choose from our 3-Hour Sessions to either focus on full swing or short game specifically, or our 2-Day Golf School with a comprehensive review of your game.

3-HOUR SESSIONS³

Our 3-Hour Sessions are available for up to a maximum of 4 players. Select from either our full swing session focused on building sound fundamentals to improve your ball striking consistency, or our short game session focused equally on the 4 key scoring shots of putting, chipping, pitching and greenside bunkers to help you lower your score. Sessions start at either 9AM or 2PM and require advanced reservations.
